

Local Marketing Setup Guide

The Cleaning CEO Blueprint — 100% Cleaner Academy

Your Brand Foundation

Company Name Tips

- Easy to spell and say on the phone
- Avoid limiting geography in the name unless you're staying local forever
- Check domain, Instagram, and Google availability before committing

Logo & Colors

- Keep it clean and professional — navy, white, gold, or blue/green work well
- Use the same logo everywhere (uniform, vehicle, website, invoices)
- Export PNG (transparent) and SVG versions

Website Must-Haves

- Services and pricing (or "starting at" ranges)
- Book online button or contact form
- Before/after gallery
- Reviews/testimonials
- Service area (cities/neighborhoods)
- Phone number prominently displayed
- Mobile-friendly design

Google Business Profile

1. Go to business.google.com and claim/create your listing
2. Use exact business name (match LLC or DBA)
3. Select category: **House Cleaning Service**
4. Add service area (don't show home address unless required)
5. Upload 10+ photos: team, supplies, before/after, logo
6. Write description with keywords: "residential cleaning," "deep clean," your city

7. Add services with descriptions
8. Enable messaging
9. Post weekly updates (tips, before/after, promotions)
10. Ask every happy client for a review — send direct link

Ranking tips: Complete every field, respond to all reviews within 24 hours, post photos weekly, keep NAP (name, address, phone) consistent everywhere online.

Yelp

1. Claim your business at biz.yelp.com
 2. Upload 15+ high-quality photos
 3. Fill out all specialties and service offerings
 4. Respond to every review — good and bad
 5. Do NOT buy leads until you have 10+ reviews and can convert inquiries
 6. See Yelp Masterclass Guide for full strategy
-

Social Media

Instagram

- Bio: City + service + book link
- Post 3–5x/week: before/after reels, tips, team highlights
- Use local hashtags: #LACleaner #LosAngelesCleaning #[YourCity]Cleaning
- Stories: day-in-the-life, polls, Q&A

Facebook

- Create Business Page (not personal profile)
- Join local community groups (follow group rules — no spam)
- Run \$5–10/day local awareness ads once you have 5+ reviews
- Enable Facebook Messenger for inquiries

Nextdoor

- Register as a local business
- Offer neighbor discount for first 10 clients

- Respond quickly to recommendation requests
 - One post per week max — be helpful, not salesy
-

Getting Your First Reviews

1. **Ask in person** at the end of a great clean: "Would you mind leaving us a quick Google review?"
 2. **Text within 2 hours** with direct review link
 3. **Email follow-up** next day with links to Google and Yelp
 4. **Make it easy** — save direct review URLs in your phone notes
 5. **Never incentivize reviews** with discounts (against Google/Yelp policies)
 6. **Never buy fake reviews** — platforms will penalize or ban you
-

Referral System (Launch Version)

- Referrer gets **\$25 off** next clean
 - New client gets **\$25 off** first clean
 - Track in spreadsheet: Referrer Name | New Client | Date | Credit Applied
 - Mention referrals on invoices and follow-up texts
-

Monthly Marketing Checklist

- ☐ 4+ social media posts
- ☐ 1 Google Business post
- ☐ Respond to all reviews
- ☐ Check and update Yelp photos
- ☐ Ask 5+ clients for reviews
- ☐ Review ad spend ROI (if running ads)
- ☐ Update website gallery with new before/afters
