

Professional Pricing Guide

The Cleaning CEO Blueprint — 100% Cleaner Academy

The #1 Rule: Do NOT Charge Hourly

Hourly pricing punishes efficiency. The faster you get, the less you earn. Price by **job scope**, not time.

Base Residential Pricing (Up to 3 Bedrooms)

Service	Suggested Price	Notes
Regular / Maintenance Clean	\$150	Recurring clients, already-maintained homes
Deep Clean	\$300	First-time, neglected, or quarterly detail
Move-Out Clean	\$350–\$500+	Empty home, all appliances, cabinets
Airbnb Turnover	\$125–\$200	Linens, restock, photo-ready in 2–3 hrs

Adjust for your market. LA/major metros run higher; rural areas lower.

Adjust cleaner pay for local labor market. Never go below minimum wage equivalent.

First-Time Client Strategy

1. Quote **deep clean** price for first visit (even if they want "regular")
2. Explain: "First visit establishes our standard; maintenance pricing applies after"
3. Book recurring at regular rate with 10% discount for weekly/biweekly
4. Never discount more than 15% — trains clients to expect low prices

Recurring Discounts (Optional)

Frequency	Discount
Weekly	10% off
Biweekly	5% off
Monthly	No discount

Quote Formula

Base price (regular or deep)
+ Bedroom/size adjustments
+ Add-ons selected
+ Pet surcharge if applicable
= TOTAL QUOTED PRICE

Red Flags — Walk Away or Charge More

- Hoarding / biohazard situations → refer out or 3x+ pricing
- Client wants hourly rate → educate or decline
- "My last cleaner charged \$80" → explain your SOPs and quality difference
- No-show history → require deposit before booking
- More than 3 revisions to scope → send written quote and hold price 7 days
