## The Cleaning CEO Blueprint — 100% Cleaner Academy

### Color-Coded Microfiber System

| Color  | Use Only For                      |
|--------|-----------------------------------|
| Blue   | General dusting & living areas    |
| Green  | Kitchen & food prep surfaces      |
| Yellow | Bathrooms & toilets               |
| Red    | High-risk / first wipe (optional) |
| White  | Glass & mirrors                   |

**Rule:** Never cross-contaminate. One color per zone. Wash separately.

---

## Restock Triggers

- Reorder when 25% of any product remains
  - Audit caddies every Monday
  - Log usage weekly (see Weekly Inventory Sheet)
- 

## Safety Rules

1. Never mix bleach with ammonia or vinegar
2. Label every bottle — date mixed if diluting
3. SDS sheets available for every chemical (download from manufacturer)
4. Wear gloves for bathroom and degreasing work
5. Ventilate when using strong products
6. Client-requested products: confirm in writing, test inconspicuous area first
