

Bathroom Cleaning SOP

The Cleaning CEO Blueprint — 100% Cleaner Academy

Applies to: All residential and STR services

Time target: Regular 20–25 min | Deep 35–45 min | Move-out 45–60 min per full bath

Purpose

Bathrooms require true **disinfection**, not just wiping. Follow the toilet-to-door order to avoid re-contaminating clean surfaces. Half baths follow the same order minus shower/tub.

Supplies

- ☐ Bathroom disinfectant (EPA-registered preferred)
- ☐ Toilet bowl cleaner + dedicated toilet brush
- ☐ Calcium/lime remover (deep clean — showers, faucets)
- ☐ Glass cleaner
- ☐ Microfiber cloths — **BLUE for bathroom only**
- ☐ Scrub pad or non-scratch sponge
- ☐ Grout brush (deep/move-out)
- ☐ Gloves (required)
- ☐ Trash bags
- ☐ Shower squeegee (optional — speeds glass drying)

Never use kitchen cloths in the bathroom.

Disinfecting Protocol

1. **Apply disinfectant** to target surface
2. **Dwell** per product label (typically 3–10 minutes — do not wipe immediately)
3. **Scrub** if needed (toilet bowl, tub, grout)
4. **Rinse** only if product requires it
5. **Dry** mirrors and chrome for streak-free finish

High-touch disinfect points every visit:

- Toilet flush handle
 - Faucet handles
 - Light switches
 - Door handles (both sides if in scope)
-

Bathroom Order: Toilet → Door

Work from the **dirtiest fixture toward the exit**. Finish at the door so you don't walk back through wet floors.

Step	Area	Notes
1	Toilet	Bowl, seat, lid, tank, base, behind toilet
2	Shower / tub	Walls, glass, fixtures, drain
3	Sink & counter	Basin, faucet, counter, vanity front
4	Mirror & fixtures	Glass, towel bars, TP holder
5	Floor	Sweep, then mop — work toward door
6	Exit	Wipe door handle last; leave door open to dry

Step-by-Step Checklist

Toilet

- ☐ Apply bowl cleaner under rim; let dwell
- ☐ Spray disinfectant on exterior: seat (top and bottom), lid, tank, base
- ☐ Scrub bowl with toilet brush — under rim and waterline
- ☐ Wipe exterior top to bottom with bathroom cloth
- ☐ Clean flush handle and hinges
- ☐ Wipe floor around base and behind toilet (move carefully — don't break wax ring)

Shower / Tub

- ☐ Remove hair from drain
- ☐ Apply appropriate product for soap scum (dwell 5+ min on deep cleans)

- ☐ Scrub walls, tub floor, and fixtures
- ☐ Squeegee glass doors or wipe shower curtain bottom
- ☐ Polish faucet and showerhead (exterior)
- ☐ Wipe shampoo bottles **only if in scope** — don't rearrange client products without permission

Sink & Counter

- ☐ Spray disinfectant on basin and counter
- ☐ Scrub sink basin and drain area
- ☐ Clean faucet and handles
- ☐ Wipe counter back-to-front
- ☐ Wipe vanity front and sides
- ☐ Clean inside vanity **only if empty and in scope** (move-out)

Mirror & Chrome

- ☐ Clean mirror with glass cleaner — top to bottom, dry with clean cloth
- ☐ Polish chrome fixtures dry
- ☐ Wipe towel bars, hooks, and toilet paper holder

Floor

- ☐ Sweep corners and behind toilet
- ☐ Mop from far corner toward door
- ☐ Do not mop yourself into a corner — plan exit path first

Half Bath (Powder Room)

Skip shower/tub steps. Time target: 10–15 min.

- ☐ Toilet (full protocol)
- ☐ Sink, mirror, counter
- ☐ Empty trash
- ☐ Floor sweep and mop

Deep Clean / Move-Out Additions

- ☐ Grout scrub on discolored lines
 - ☐ Descale faucet and showerhead (exterior; soak cloth with CLR if approved)
 - ☐ Remove soap scum from glass (razor scraper on glass only if trained)
 - ☐ Wipe inside vanity drawers and cabinets (empty only)
 - ☐ Clean exhaust fan cover (exterior wipe)
 - ☐ Detail caulk lines — scrub mildew stains (report if caulk needs replacement)
-

Quality Standards

Bathroom passes when:

- ☐ Toilet is white, odor-free, and exterior is dry/clean
 - ☐ No hair in drain or on tub ledge
 - ☐ Mirror is streak-free
 - ☐ Chrome shines without water spots
 - ☐ Floor is dry enough to walk safely
 - ☐ Smells fresh — not overpowering chemical
-

Do NOT (Bathroom)

- ☒ Use the toilet brush on any other surface
 - ☒ Wipe the sink then go back to the toilet with the same cloth
 - ☒ Mix bleach and ammonia (deadly fumes)
 - ☒ Use abrasive powder on fiberglass tubs or acrylic showers
 - ☒ Stand on tub edge or toilet tank — use step stool
 - ☒ Flush client items (jewelry, contacts) — check before scrubbing
 - ☒ Ignore mold on caulk — photo, report, don't promise removal
 - ☒ Leave wet hair on shower walls
-

STR / Airbnb Notes

- ☐ Replace all towels with fresh folded set per host standard
- ☐ Minimum 2 rolls toilet paper visible
- ☐ Toilet lid **down** for staging photos

- ☐ Amenity bottles wiped and aligned facing forward

100% Cleaner — Bathroom quality is your #1 review driver.
