1. At-Will Employment / Independent Contractor Status

Choose the section that applies to your business model and delete the other.

For W-2 Employees

Employment with 100% Cleaner is **at-will**. This means either you or the company may end the employment relationship at any time, with or without cause or notice, subject to applicable law. No manager or representative other than the owner in writing may alter this at-will status.

Nothing in this handbook creates a contract of employment or guarantees employment for any specific period.

For 1099 Independent Contractors

You are engaged as an independent contractor, not an employee. You are responsible for your own taxes, insurance, and business expenses unless otherwise agreed in writing. You control the manner and means of completing assigned jobs within 100% Cleaner quality standards and client expectations.

Contractors may accept or decline offered jobs without penalty, provided reasonable notice is given when declining a confirmed assignment.

100% Cleaner provides equal employment and engagement opportunities regardless of race, color, religion, sex (including pregnancy, childbirth, and related conditions), gender identity, sexual orientation, national origin, ancestry, age, disability, marital status, military or veteran status, or any other characteristic protected by federal, state, or local law.
